

UTAH NEIGHBORHOOD CONNECTION

WE ARE UTAH NEIGHBORHOOD CONNECTION

UNC is a non-profit located on 2nd Street in Ogden. UNC's mission is "to Love and Empower our Neighbor." We began pursuing that mission through Free-Grocery Events in February of 2021 and are looking to grow into other programs in the coming year.

THE AFTERSCHOOL PROGRAM

This program fulfills one of the core desires of UNC, "to provide a safe environment for community engagement where everyone is valued." Our goal with the program is to provide a safe space, homework help, enrichment activities, and a consistent hot meal for local students.

Safe Space

UNC is taking steps to ensure that our students are seen and valued. Those would include receiving a childcare license, maintaining a respectful environment, and hiring caring, qualified staff.

Enrichment Activities

In partnership with local organizations, the program will include topics such as nature, sports, art, and life skills like financial literacy, cooking, and personal safety.

Homework Help

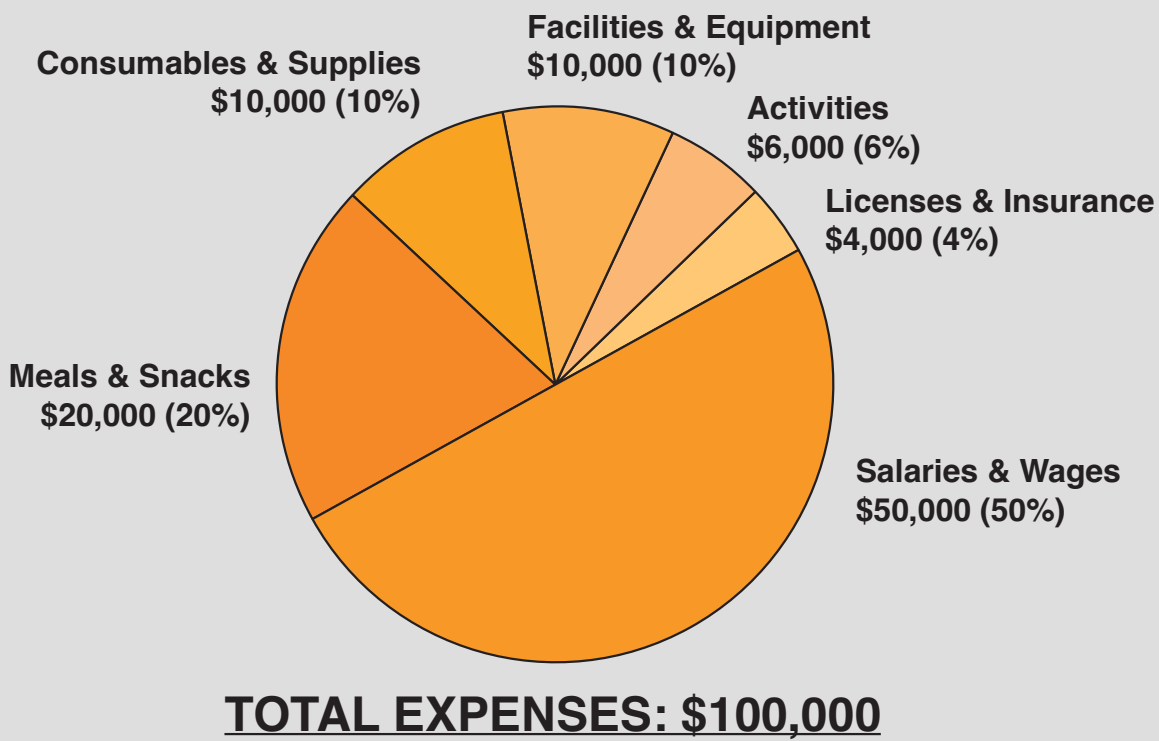

Each day we will have an hour of homework help where the students will have access to wifi, volunteers to help with questions, and a focused environment.

Hot Meal

Students will be provided with a nutritious after-school snack. Later they will gather to eat an evening meal together.

PROGRAM FUNDRAISING & DONATION GOAL

DEMOGRAPHICS SERVED

66% of enrolled students are members of a minority group

Largest percent of students eligible for free lunch among public schools in Utah

100% of students enrolled considered economically disadvantaged
